Director

Arizona Game and Fish Department

2221 W. Greenway Rd.

Phoenix, Arizona 85023-4399

Dear Mr. Shroufe:

This letter is in appreciation for your staff's outstanding cooperation and expert information in assisting the U.S. Fish and Wildlife Service in our ongoing consultations involving Sonoran pronghorn. In particular, Mr. John Hervert has been invaluable in providing my staff with current, updated information as it is gathered. John was most cooperative in providing our office with new analysis of data and was most expeditious in getting summaries of information to us in a recent complex consultation with the Air Force. He always made himself available and was incredibly helpful in all ways possible.

We look forward to continued work in cooperation with your staff to ensure the continued existence of Sonoran pronghorn and hopefully its full recovery in the future. We thank you again for all your assistance and appreciate the hard work your staff has contributed.

Sincerely,

Sam F. Spiller
Field Supervisor
